New product release: Grief support products for pet parents

Moraga, California: Wolfie's Wish today announced the release of two editions of "grieving card decks". The illustrated edition by Kristina Brasseler and the Original Pawprints Gift edition. Grieving Cards are a simple way for pet parents to be comforted after losing their pet on 30, glossy two-sided cards. This is one of the first products of its kind that helps people cope with the mental toll that pet loss can take.

"I couldn't find a product on the market that was simple and digestible when I was grieving the tragic loss of my cat, so I made my own," says Erica

Messer, Owner at Wolfie's Wish. "I hope these cards will comfort others during a very painful time."

Features and benefits of Wolfie's Wish Grieving Cards include:

- A beautifully illustrated, 30-card deck of simple practices to be read once a day or as many as needed.
- Focuses on the positive aspects of having a pet and the special relationship to cherish.
- Offers practices on acceptance, gratitude and practicing joy.

Both Grieving Card decks will be available for pre-order starting April 4, 2022, at 4:44 EST on Kickstarter. For more information on Wolfie's Wish, visit www.wolfieswish.com.
